### Product Data

Gas-tight suit with attached boots. Encapsulated gas-tight garment, with detachable Hazmax boots (sizes 6 to 14 (39-48)), that is both robust and lightweight (<4.6 kg per garment). Available in lime green colour for visibility and sizes SM to 2X. Wide, anti-mist visor for undistorted, panoramic visibility. Bat-wing design to allow the wearer to withdraw an arm to attend to breathing apparatus. Internal, adjustable waist belt system for support and improved fit. Five-finger, dual-glove assembly with locking cuff mechanism for glove replacement. Each suit has a unique serial number and is fully tested at time of manufacture, including positive air pressure integrity testing. Tychem® TK. exhibits excellent chemical barrier properties and offers an extremely durable fabric that is puncture- and tear-resistant, yet is also supple and lightweight. Tychem® TK. Offers excellent permeation barrier to a broad range of chemicals. The Tychem® TK. Garment is specifically developed for protection against toxic, corrosive gases, liquids and solid chemicals and is suited for industrial, HazMat and domestic preparedness applications.

- Chemical protective clothing, Category III, Type 1a-ET, limited use
- Certified according to EN 943-2 (protective clothing against liquid and gaseous chemicals)
- Double-taped seams provide strong chemical resistance against heavy liquid splashes
- Heavy-duty gas-tight zipper that is extra-long to facilitate garment opening and aid donning and doffing
- Overlapping zipper flaps with hook & loop closures
- 5 year shelf-life when stored correctly. Can be extended up to 10 years (see Instructions for

Use).
