

## Greiner Bio-One's <br> Lab Equipment

Mini Centrifuge
Mini Vortex Mixer
Mini Block Heater
Vortex Mixer
Microplate Centrifuge
Sapphire MaxiPette

Greiner Bio-One, a leading provider of labware, now offers compatible equipment as part of its product portfolio. Whether a start-up or established lab, we make it easier for you to order what you need from one supplier. We continue to look for synergies with compatible products to simplify processes and deliver high quality products to your door easily.

## 1 Greiner Bio-One Vortex Mixer <br> Part No. 844070

$\leftrightarrow$ Powerful motor for INSTANT vortexing of up to 50 mL tubes
$\lessdot$ Dynamic balance system to minimise noise and vibration
$\lessdot$ Touch or continuous operation
$\leftrightarrows$ Variable speed control from 200 to 3200 rpm
$\leftrightarrows$ Compatible with all Greiner Bio-One tubes
2 Greiner Bio-One Mini Block Heater
Part No. 848070
$\leftrightarrows$ Simple touchpad operation
$\lessdot$ Easy-to-read digital display
$\leftrightarrows$ Compact, fits in the palm of your hand
$\varsigma$ Exchangeable blocks for tubes from 0.2 to 50 mL (see compatiblility chart for Greiner BioOne tubes on page 5)

## 3 Greiner Bio-One Mini Centrifuge <br> Part No. 843070

$\leftrightarrows$ Ideal for quick spin downs of microtubes and PCR tubes
$\leftrightarrows$ Rotor instantly reaches 6,000 rpm
$\longleftarrow$ Storage compartment for PCR tube rotor
$\lessdot$ Decelerates in just one second
$\leftrightarrows$ Compatible with Greiner Bio-One PCR and reaction tubes

4 Greiner Bio-One Microplate Centrifuge Part No. 846070
$\lessdot$ Quickly spins down droplets in microplates
$\leftrightarrow$ Unique rotor design holds 2 plates and prevents spillage
$\lessdot 50 \%$ smaller than traditional centrifuges
$\lessdot$ G-force of over $400 \times g$
$\leftrightarrow$ Compatible with most Greiner Bio-One microplates

## 5 Greiner Bio-One Mini Vortex Mixer Part No. 845070

$\lessdot$ Powerful, quiet vortexing for tubes up to 50 mL
$\lessdot$ Instant pressure-activated operation
$\leftrightarrows$ Compact, fits in the palm of your hand
$\lessdot$ Compatible with all Greiner Bio-One tubes

## 6 Greiner Bio-One Sapphire MaxiPette

 Part No. 847070$\lessdot$ Ergonomic design for easy pipetting
$\leftrightarrow$ Variable speed control
$\lessdot$ Cordless and rechargeable
$\leftrightarrow$ Up to eight hours of continuous operation
$\leftrightarrow$ Compatible with Greiner Bio-One serological pipettes

[^0]
## Greiner Bio-One Vortex Mixer

Our vortex mixer provides smooth instant vortexing of even the largest samples. The unique counter balance system allows maximum vortexing action, while minimising noise along with excess vibration. Other features include suction feet to eliminate "walk" and cold room/incubator compatibility.

| Part No. | Product Description |
| :--- | :--- |
| 844070 | Vortex Mixer, Speed range 200 to 3200 rpm |

## Greiner Bio-One Mini Block Heater

Compact construction, broad temperature range and multiple block options make the Mini Block Heater the perfect tool for laboratory incubations. Seven accessory blocks are available for use with a wide range of tubes. The simple touch pad control and digital display provide for "set and walk away" temperature selection and maximum accuracy. See product compatibility chart for block and tube type matching.

| Part No. | Product Description |
| :--- | :--- |
| 848070 | Block heater, temp range ambient $+5^{\circ} \mathrm{C}$ to $+100^{\circ} \mathrm{C}$, temp accuracy <br> $+/-0.5^{\circ} \mathrm{C}$, temp increments, $0.1^{\circ} \mathrm{C}$, temp uniformity $+/-0.2^{\circ} \mathrm{C}$ |
| 848 xxx | Block Heater Inserts (see page 5) need to be ordered additionally |

## Greiner Bio-One Mini Centrifuge

Ideal for quick spin-downs of microtubes and PCR tubes. Braking system is activated when the lid is opened, smoothly decelerating to a complete stop in just one second. An 8 position microtube rotor is included, as well as a rotor with increased capacity for 0.2 mL PCR strips or 0.5 mL PCR tubes which is conveniently located in the bottom of the centrifuge. Simply remove and attach rotors by hand, pushing or pulling gently onto motor shaft.

| Part No. | Product Description |
| :--- | :--- |
| 843070 | Mini Centrifuge, speed $6,000 \mathrm{rpm} / 2,000 \times \mathrm{g}$, capacity $8 \times 1.5 / 2.0 \mathrm{~mL}$ tubes, <br> $4 \times$ PCR strips $(8 \times 0.2 \mathrm{~mL})$ or $32 \times 0.5 \mathrm{ml}$ PCR tubes |

## Greiner Bio-One Microplate Centrifuge

Two plates can be inserted confidently without sealing tape or caps. Upon closing the lid of the centrifuge, the rotor accelerates and centrifugal force 'swings' the plates into a horizontal position. With a g-force power of 400 xg , most samples can be spun down in 20 seconds or less. Simply open the lid and the automatic electric brake brings the rotor to a smooth stop in about 7 seconds. Plates can then easily be removed.

| Part No. | Product Description |
| :--- | :--- |
| 846070 | Microplate centrifuge, speed $2100 \mathrm{rpm} / 400 \times \mathrm{g}$, capacity $2 \times$ PCR or microtiter <br> plates |

## Greiner Bio-One Mini Vortex Mixer

With a 4 mm orbit and fixed speed of 2800 rpm , even the largest samples are vortexed instantly. Despite its powerful motor, it is less than $10 \times 10 \mathrm{~cm}$, allowing it to fit on even the most crowded bench. Operation is activated by pressure and is smooth, quiet and efficient. When pressure is removed operation immediately ceases. A unique head design prevents liquids from entering the housing, prolonging motor life.

| Part No. | Product Description |
| :--- | :--- |
| 845070 | Mini Vortex, speed 2800 rpm, touch activation, orbit 4 mm |

## Greiner Bio-One Sapphire MaxiPette

Lightweight and designed to fit comfortably in either hand. Ergonomic shape with computer balanced weight distribution and low pressure fingertip controls. Lithium battery keeps unit running for up to 8 hours or 2500 pipettings on a single two hour charge. Accepts pipette sizes from 1 mL to 100 mL .

| Part No. | Product Description |
| :--- | :--- |
| 847070 | Pipette Controller, includes charger and benchtop stand, extra filter, replacea- <br> ble lithium battery |
