**HUBERLAB.**

committed to science

**“An ounce of prevention is worth a  
pound of cure.”**

**Benjamin Franklin;**

printer, scientist, man of action

KIMBERLY-CLARK PROFESSIONAL\* provides innovative solutions to help you run healthier, safer and more productive labs in the most environmentally sustainable way possible

## Your laboratory

- + engaged people
- + high quality PPE products
- + green, lean and protection services

It all adds up...  
**to Exceptional Laboratories**

Reduce CO<sub>2</sub> emissions by 25 kg annually for each researcher who uses lab gloves\*

Green solutions for sustainable laboratories  
**Turn minor actions into major change**

It all adds up...  
**to Exceptional Laboratories**

\*Based on assumption of average laboratory glove consumption per scientist: 5,000 gloves/year and average thin mil nitrile glove weight

Reduce CO<sub>2</sub> emissions by 25 kg annually for each researcher who uses lab gloves\*

Lean process, training and compliance solutions for efficient laboratories  
**Turn simple solutions into solid benefits**

It all adds up...  
**to Exceptional Laboratories**

Raise the odds for those  
45% of all researchers  
who sustain a lab-based  
injury\*

Quality protection for your scientists,  
your science and your reputation  
**Prevent accidents, contamination  
and false results with appropriate PPE**

It all adds up...  
**to Exceptional Laboratories**

\*UCLA Center for Laboratory Safety data shows 1088 researchers out of 2374 sustained an injury of some kind within a laboratory setting

Chemical Permeation breakthrough times according to EN374-3:2005

Material	Thickness (mm)	Temperature (°C)	Breakthrough time (min)		
			Water	Acetone	Isopropanol
