Product Data

The Hei PLATE Mix'n'Heat Core remains true to its simple operating concept, but the new body design has increased the distances between the heating plate and knobs, which offers additional protection against burns.

The flattened edges on the fireproof die-cast aluminium housing are also more pronounced, so that liquids are safely dissipated from the device.

The connections on the back are protected by a flap and the protection class of the Hei-PLATE series could be increased from IP 32 to IP 42.

- Direct access to heating and stirring function with separate knobs
- Innovative product design: flattened edges dissipate liquids from the device, carrying support on the bottom, safety distance to the heating plate, IP 42

Item No.	type no.	description	Price
17.3006.00	Hei-PLATE Mix'n'Heat Core	ø 135	CHF 952.00
17.3006.02	Hei-PLATE Mix'n'Heat Core	ø 145	CHF 952.00
